

Medication Refill

Refer to 'Repeat Prescription' if your prescription has expired or your medication won't last until your next appointment.

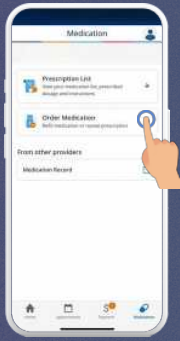

1

Tap 'Medication'.

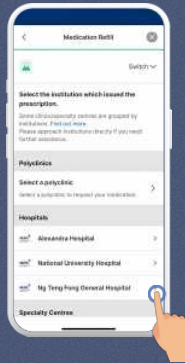

2

Tap 'Order Medication'.

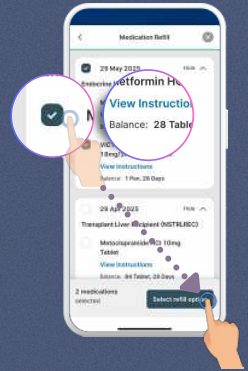

3

Select the institution which prescribed the medication.

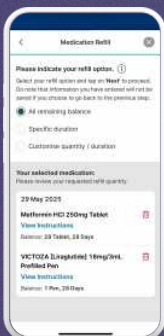

4

Check that you have a balance for the medication, then select the one you wish to order.

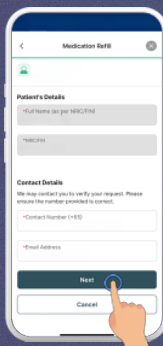

5

Indicate your refill option.

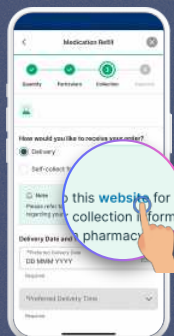

6

Confirm your particulars.

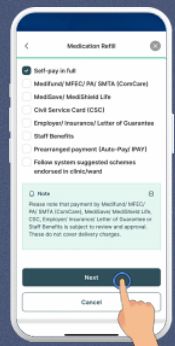

7

Select your collection mode.

8

Select your payment mode and tap 'Next' to review and submit your request.

Note: Before you proceed, tap 'website' for important details about your order.
