

HOME DELIVERY

Have your medication delivered to you

You may choose to have your medications delivered to your home or office. Kindly note the following points:

- Delivery will require at least 3 working days from the date of your request submission.
- Delivery is available between Monday to Friday, 10am to 8pm.
- Only applicable for prescriptions with same medications as your previous prescription
- You should have sufficient existing supply at home to last at least 5 working days.
- You may request to deliver up to a maximum of 4 months' supply of medication.

Should you be prescribed with new medications, controlled drugs or given a paper prescription, please self-collect at pharmacy on same day of the clinic visit.
