

Rheumatology Services

Rheumatology is a medical specialty that diagnoses and treats diseases that affect the human musculoskeletal system.

The Rheumatology Service is staffed by a team of dedicated doctors who adopt a holistic approach towards patient care, and offer in-house support services such as physiotherapy, occupational therapy and radiology services (including bone densitometry studies) to help patients make the most out of their physical function. Inpatient and outpatient consultation are offered at the Ng Teng Fong General Hospital.
